

Starting with User Research

I partnered with UXR to establish the first research program to better understand the product landscape

Pain points

"I did not know YouTube had movies..."

P1, 4 – United States

Customers often reported being unaware YouTube had movie and show content. In some cases, they had made a purchase in the past.

 User Research

 P1, P2

 P3

 P3=4

How trustworthy do you find movie or show content on YouTube compared to traditional media sources?

Finding Movies & Show Content was Difficult
